Dear P.S. 221 Families,

This year, in an effort to strengthen our recycling efforts, we will continue to team up with Terracycle to collect items for several of it's promoted recycling programs. For each recycling program we will be collecting materials in school, and ask that you bring them in from home as well. Not only will this help us recycle items that are not included in New York City's recycling program, but we will earn money for our school. Each shipment that we send to Terracycle earns credits, which in turn earns us money.

We have already earned approximately \$175 just from collecting trash!

Below is a chart outlining each program we are currently a part of, as well as the items accepted for each program.

| Recycling Program | Accepted Items |
|--------------------------|---|
| Drink Pouch | All aluminum and plastic drink pouches. |
| Entenmann's Little Bites | Entenmann's Little Bites plastic pouches. |
| Colgate Oral Care | Used toothpaste tubes and caps, toothbrushes, toothpaste cartons, toothbrush outer packaging, and floss containers. |

Items can be placed in the appropriate slot in the lunchroom "Terracycle" box.
Happy recycling!

Sincerely,
P.S. 221's Green Team
